Hi Alice,

I'm available to talk tomorrow and I think that you want to involve Andy Schweitzer and Mark Wejkszner on the call since the Braun facility is located in their region. Also, I have attached two emails from the past regarding the verification of their EtO emissions and an email from Krish summarizing the Braun site risks along with some other facilities across Pennsylvania.

If tomorrow doesn't work then we'll have to set something up for next week since I'm off on Friday. Let me know.

Thanks,

Craig

Craig: I was wondering if you had time to chat about Braun. I am Region 3's technical lead on all things EtO and we are getting ready to share some information with our S/Ls with cancer risks from 100 in a million to greater than 1000 in a million. Could you let me know a good time to schedule a call so that I can update you from the EPA side of things and perhaps we can talk about Braun.

Thanks,
Alice
